The TALL POPPY CAMPAIGN in partnership with  
The Mawson Centre, The Mawson Lakes Development, NAMIG and UniSA are pleased to present:

## “Electronic Engineering, much more than building”

Free interactive science & mathematical seminar (limited places available)

I am pleased to invite your school to participate in the free “Electronic Engineering, much more than building” science & mathematical seminar. You can select up to 10 budding young maths/science students and a teacher from year levels 9-10 from your school to attend this unique event.

The event aim is to provide students from selected schools with an opportunity to:

- listen to 2 award winning inspiring young researchers
- learn about the varied science and mathematical research careers that are available to them once leaving school
- see projects that students have undertaken with Concept2Creation
- discover their own research and development program with Concept2Creation
- take a guided maths and science campus tour through UniSA.

Date	Friday 16 October
Time	9.00 am (for 9.15 am start) - 2.30 pm
Venue (Map Enclosed)	The Mawson Centre, 2-8 Main St (Mawson Lakes Library), Mawson Lakes
Cost	No Charge

Transportation	Bus parking can be organised and will need to be advised if required when booking for the Seminar

### RSVPS and further information:

Please register your school's interest in attending **ASAP** or by 18 September 2009, as there are limited places available. A list of student and teachers with any dietary requirements will be required one week prior to the event and photography and media approval for each student is essential. Please book on line at <http://mybookingmanager.com/aips16Oct09>. Further information can be obtained by contacting [info@aips.net.au](mailto:info@aips.net.au) or telephone 02 9351 0818.

Please note ALL attending students MUST complete a photo/media release form if attending. There will be an official photographer at the event throughout the day and it is important we are able to capture the day without restriction. Images taken on the day will be used in further promotion and marketing of future Tall Poppy Campaign events.

We look forward to an exciting day and hope to see your school there.
